

A. PEDro update

PEDro contains 31,758 records. In the 3 November 2015 update you will find:

- 25,428 reports of randomised controlled trials (24,738 of these trials have confirmed ratings of methodological quality using the PEDro scale)
- 5,782 reports of systematic reviews, and
- 548 reports of evidence-based clinical practice guidelines

B. Blog about PEDro in BodyinMind.org

Introducing PEDro and it's newest feature 'Evidence in your inbox'. For those of you who don't know PEDro this is well worth a read. We also need your support!

www.bodyinmind.org/pedro/

C. PEDro needs your help!

PEDro is produced on a not-for-profit basis. We need support from users to keep PEDro up-to-date and online for the global physiotherapy community.

We thank [Bend+Mend](#) for being the first physiotherapy practice to partner with PEDro. We also acknowledge the individuals who have provided support. All PEDro supporters are listed at www.pedro.org.au/english/supporters.

More funding is required to add new content and develop PEDro in 2016. Help us bridge this funding gap by making a [donation](#) today or [contact us](#) to discuss a partnership.

D. Next PEDro update (December 2015)

Next PEDro update is scheduled for Monday 7 December 2015
